**INFORMATION LETTER**

**September 19-20, 2018**

International Scientific and Practical Conference and School of Young Scientists

**«*Chemistry, Chemical and Environmental Engineering: Science, Industry and Education*»**

**Dear colleagues!**

We invite you to participate in the International Scientific and Practical Conference and School of Young Scientists «*Chemistry, Chemical and Environmental Engineering: Science, Industry and Education*», which will take place on September 19-20, 2018.

The conference is held within the framework of the program of strategic development of the Dagestan State University (DSU) and is dedicated to the 80<sup>th</sup> anniversary of Professor Zazav M. Aliev, Doctor of Technical Sciences.

The aim of the conference is to discuss actual problems of modern chemistry, industrial ecology and chemical education, exchange scientific achievements of recent years, attract talented young people to participation in promising scientific research in chemistry, chemical technology and ecology, inform about promising scientific, technical and technological developments and innovative projects in this sphere, acquaint young scientists and students with the latest world achievements, share best practices and discuss possible joint scientific and technical developments.

Within the conference, there will be a plenary meeting (reports of 15 to 20 minutes), section meetings (reports of 10 minutes), as well as a poster session.

Scientists, university professors, schools teachers, post-graduate students, graduates and students are invited to participate in the conference.

**Conference Venue**

The conference will be held on the basis of the Dagestan State University, 43-a Gadzhiev Street, Makhachkala.

The submitted reports will be published by the beginning of the conference. Working languages of the conference are Russian and English.

The cultural program of the conference includes the excursion to the Naryn-kala fortress in Derbent.

### **Key dates of the conference**

April 20, 2018 - beginning of registration and submission of abstracts

May 20, 2018 - the closing date of abstract submission

September 18, 2018 – the day of arrival

September 19, 2018 - opening of the conference

September 19-20, 2018 - the days of the work of the conference

September 20, 2018 - closing of the conference

September 21, 2018 - visiting museums and historical and natural attractions of the Republic of Dagestan at will of the conference participants

September 21-22, 2018 - departure of the conference participants

### **MAIN DIRECTIONS OF THE WORK OF THE CONFERENCE**

International Scientific and Practical Conference and School of Young Scientists «*Chemistry, Chemical and Environmental Engineering: Science, Industry and Education*» will allow considering the state of scientific research in the following areas:

- 1. Fundamental and applied problems of chemical science.**
- 2. Synthesis and physicochemical properties of new materials and nanostructures.**
- 3. Actual problems of organization of non-waste and low-waste chemical-technological productions.**
- 4. Modern problems of chemical education.**

A correspondence form of participation is provided for nonresident participants (publication in the book of the conference materials).

The main requirements for the paper style are given in the section of the submission of abstracts.

#### **Conference language**

The official languages of the conference are Russian and English.

**No fee is charged for participation and publication of the papers.**

#### **Submission requirements**

One page long abstracts should be sent to the organizing committee by e-mail: [abd\\_galim@mail.ru](mailto:abd_galim@mail.ru) not later than **May 20, 2018**.

**General requirements.** The text of the article should be written in Russian and English.

**File.** The text file should be in any version of the Microsoft Word text editor and have the .doc extension. The name of the file should include the surname of the author (e.g., Ivanov.doc or ИВАНОВ.doc).

Page settings. A4 (book) size. Margins: top, left and right - 2 cm, bottom - 2.5 cm.

Main text style. Font: Times New Roman; font size: 12 points. Text pages should not be numbered. Single spacing of the body text. Indent: 1 cm, justified.

Reference style. References in the text should be given in square brackets [1].

Title style. The title of the paper should contain: Surname, first name and patronymic of the author, affiliation, e-mail address. Font: Times New Roman. font size: 14 points. The surname, name and patronymic of the author should be bolded. Affiliation, e-mail address should be in 12 points, justified.

References to literature and Internet resources are required.

**The organizing committee reserves the right to reject the papers that do not meet the mentioned requirements.**

By the beginning of the conference, the proceedings indexed in the Russian Science Citation Index (RSCI) will be published.

**In the proceedings, the conference materials will be published in the authors' edition.**

The organizing committee reserves the right to edit materials, as well as to reject the papers that do not meet the mentioned requirements.

After the conference, the best reports will be recommended for publication in English in journals indexed in the international Web of Science and Scopus databases.

The materials of plenary, key and oral reports will be published in the proceedings prior to the conference, and in *Bulletin of the DSU Natural Sciences* as well. ISBN index is assigned to the conference proceedings.

In the case of correspondence form of participation, a printed version of the proceedings will be sent on authors' request, an electronic version of the proceedings will be available on the conference website.

The application for participation in the conference, filled in according to the attached form, should be sent together with the materials for publication not later than May 20, 2018 to the organizing committee of the conference by e-mail: [abd\\_galim@mail.ru](mailto:abd_galim@mail.ru) with the mark "Chemistry, chemical technology and ecology: science, production, education".

The confirmation of the report admission to the conference program will be sent out on June 20, 2018.

### **School of Young Scientists**

Information on the program of the school of young scientists *Chemistry, Chemical Technology and Ecology: Science, Production, Education* and key lectures of leading scientists will be available later.

Within the framework of the school of young scientists, there will be a competition of scientific reports of young scientists.

A correspondence form of participation is provided for nonresident participants (publication in the proceedings of the conference).

Applications for participation in the conference are accepted on the e-mail address of the organizing committee.

Registration of participants is open from April 20, 2018 till August 30, 2018.

The main requirements for paper style are given in the information letter.

**Dear colleagues!**

**We ask you to distribute this message to your partners, colleagues, friends and acquaintances who are interested in the problems of the conference.**
